**Reminds "White Man" That He Is  
Living In The Midst Of A New  
Negro. The Slave Type Is No  
More.**

**To the Editor:**

In response to article of the white man who for no intelligent reason what-so-ever signed himself Truth last week.

Mr. Self-Styled Truth get your history of The U. S. A. out of your attic; wipe off the dust that has accumulated on it, then find out how the colored people reached this Red Man's Country. I think they were brought here as Slaves.

I am too highly cultured to discuss lynching with a person of your mental calibre.

Why is it my people cannot buy modern homes they can well afford?

I am sure judging from your ignorant manner of speaking that you have never been in the company of any refined colored people. But I want you to remember this one thing—That you are living in the midst of A New Negro—The Slave Type Is No More.
